Technical Certificate in Cosmetology

TECHNICAL CERTIFICATE COSMETOLOGY

The Cosmetology program is designed to prepare students for professional licensing in the Cosmetology field. The students learn all the basic techniques of hair care, professional and personal ethics, sanitation, manicuring, facials, anatomy, salon management and rules/regulations as designated by the state. In addition, students experience their future occupation in actual employment situations through a simulated setting in our Cosmetology lab. Students train daily in proper work ethics, management, and human communication skills, which will enable them to work efficiently, harmoniously, and safely with fellow employees, employers, and patrons of their trade.

The Arkansas State Board of Cosmetology requires an individual to successfully complete 1500 classroom hours in order to qualify for the State Cosmetology Licensing Exam. A new class is started every Spring (January) and every Fall (August).

APPLYING FOR ADMISSION:

Prospective students should submit the following required credentials prior to the date of desired registration:

1. An application for admission.
2. American College Test (ACT, SAT, or Compass) Student Profile Report. (In accordance with state law, scores are required for placement in math, English, and reading.) Scores cannot be older than five years.
3. An official high school transcript that includes date of graduation, or results of the General Education Development test (GED), or official transcripts from previous colleges or universities. (A tentative admission decision can be made on the basis of a seven-semester high school transcript.)
4. Provide proof of immunization for rubella and (2) measles. (Arkansas state law requires all students to provide proof of two separate immunization dates.)

ADDITIONAL APPLICATION REQUIREMENTS

- Minimum Reading score required for cosmetology:
ACT - 19+
Compass- 82
ASSET - 43+
- Due to a limited number of openings in the Cosmetology program, students are accepted into the program on the basis of the date on which their applicationfile is submitted.

ATTENDANCE POLICY:

In order to meet the required 1500 classroom hours to qualify for the State Cosmetology Licensing Exam, students log in when that are in attendance. In order to graduate, a student must log in 1500 hours of class or lab within the allotted time period of three semesters and one summer term.
