<i>*Supervisory MGMT</i>		Yes	
<i>*Intro to Business</i>		Yes	

*Classes with an * will have a 10-student limit into a cross listed section with our regular college section.

All other classes should be able to accommodate 2-3 sections of full concurrent if at least 15 students are in the section. If not, we will have to have an open college section with enough seats left to link it with.

Due to this change, class spots will be on a first come first serve basis. The 10 spots are not fully guaranteed. As we get close to the semester starting, it could become full of just college students. The sooner we can get registration forms in the better, even if we have to change or drop a class right before the semester starts.
